President's Corner

Well here we are in February and the pace of activity has slowed down. We do have the Poker Shootout on February 6th. This is one of the more relaxing and enjoyable activities we have. Don Dignan coordinates this activity and Darrell Bazman tends bar, while the rest of us get to enjoy an evening of cards with friends. February also starts nominations for election of officers for the coming year. Again, I strongly encourage anyone who has been a member in good standing for one year to seriously consider running for office. We have a strong chapter. Our membership supports our elected leaders and makes serving a great experience.

At our January meeting our 1st Vice-President, Rick Ciaramitaro submitted his letter of resignation. I personally want to thank Rick for a job well done. Rick's leadership and knowledge will be missed. The BOD will be appointing Rick's replacement as per the by-laws at our January board meeting.

In closing, let me state again how great it is to see so many members coming to our monthly meetings. We are averaging between eighty to ninety members in attendance each month. That converts to just under 30% of our joint membership total with the AVVA included. Anyone who has ever belonged to a volunteer organization knows that is an outstanding attendance ratio. So keep up the good work.

Semper Fi!
Jay Roberts, President
1st Batttalion
3rd Marine Division

Welcome Home!

**"Never Again Will One Generation
 of Veterans Abandon Another"**

Digger's Desk

LOUNGE SIGN-IN RAFFLE

Be sure to sign in before the meeting and any day you happen to visit the Post. Members of all groups (VVA, AVVA, VFW, Men's and Ladies Auxiliary) are eligible. The current jackpot would total about \$150 to the winner. It's a win/win situation.

TROOP SUPPORT

Our sponsored troops of D/2/16, 1st Inf Div and the 303MP Company are arriving home as you read this. I received the following, dated 01/21/13, through my former CO. It is from 1SG Roy Clark of D/2/16 in Afghanistan whose troops are deploying back to the states.

“Hey Ron, my 3rd PLT should be back on ground at Riley here in a couple of days. I should be out of here in a little over 3 weeks. I will let you know when dudes are returning. Thank you for being there and part of D Co's life. All the support you and the rest of the Vets and their wives gave was absolutely awesome”.

If you have a son/daughter, grandson/grand daughter, niece/nephew who is deployed overseas and might like some stateside support, get us a name and address and we'll be sure to get a package sent to them. Remember what it was like getting a package from home way back when?

Keep bringing in troop support items. Here is a partial list: ankle socks of various sizes, shampoo, body wash or Dial soap, tooth brushes, mouth wash is a biggie, tooth paste, toilet paper jerky, pringles, zingers, trail mix, slim jims, almonds and various nuts, all snacks except chocolate which will melt, 100 calorie packs are great, yogurt bars, fiber bars, gum (bubble packs, not sticks), Beef sticks, energy bars, powdered energy packets (Gatorade/Propel) for dehydration to put into water bottles, honey

buns (especially like these), instant coffee, laundry soap (Tide tablets are good), fabric softener sheets, baby wipes, foot powder.

Keep all our troops in your daily prayers.

VALENTINE DAY FUNDRAISER

There will be a Valentine's fundraiser at the hall on Friday February 15 in support of AAVA member Sue Willim to alleviate some of her outstanding medical bills. There are still a few tickets available which may be purchased at the Post.

LENTEN FISH FRY'S

The annual Lenten Friday evening fish fry's will begin on Friday February 22 from 5-7PM through Good Friday March 29. The food is great and company even better.

QUEEN OF DIAMONDS RAFFLE

The current jackpot for this event is right around two thousand dollars. If you are not familiar with this raffle, get an explanation when dropping in for a visit. One dollar could net you two thousand.

CHAPTER ELECTIONS

The February meeting will see the beginning of the Chapter election process. I was (been there/ done that) Chapter president in 1992-93 and have been involved in several capacities since joining in 1990.

Ever think about stepping forward and giving that little extra for your brother and sister Veterans whether as an officer or BOD member? Now is the time.

I hope to see you at the February meeting. It's a great time to be a Veteran.

**Don Dignan
D/2/16 "Rangers
1st Inf. Div.
1967-1968**

Odds & Ends

Membership

We had 3 individuals submit applications this past month. Ron Hoffman, Army, joined after our last meeting. Barb Roberts, wife of Loren, and Jack Fortney, Army, have joined our associates. Welcome Home Ron and Jack and welcome all to Chapter 528. Our current membership stands at 241 individual and 61 associate members.

Lapsed Members: As of January 22, 2013 the following individuals have not renewed their membership:

VVA: Ed Bowman, Harry Boyde, Mario Kamm, Julius Passeri, John Phelps, John Stillman, Carmen Torchia
AVVA: none

Dropped From Roster: Bob Walkowiak

February VVA Renewals: Gary Boucher, Jim Kimball, Leo Ksiazek, Rich Mazurkiewicz, Doug Patterson, Gary Paver, Paul Postula, Roger Ratkowski, Pat Sullivan, Rodney Tanner, Vincent Petransky

February AVVA Renewals: none

If you have already renewed thank you. If you have not, please do so before the end of the month to keep your membership current.

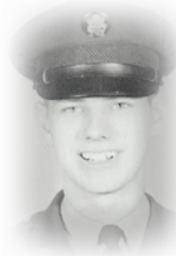

Color Guard

The color guard presented the colors at the opening of an awards luncheon for the Abolitionist Round Table, a part of Joshua's Trail. Although we have been involved with Joshua's Trail for a number of years this was the first time we were involved with the ART and we found the event very poorly planned. Don't think we will go next year if asked. We have been asked by a local boy scout troop to present the colors at the beginning of their meeting at Gallimore Elementary School on February 25th.

Chapter Raffle

Victor Lukasiak is the winner of our latest chapter raffle and will receive a life membership. The 50/50 raffle, used to fund the life membership, reached a new high last month. For the first time \$200 was

collected with the winner and the chapter each receiving \$100. There is enough in the fund to have another drawing next month so come on out and see if you become our next life member.

State Council News

Gary Estermyer, delegate

The December 2, 2012 meeting was attended by 15 chapters with all the Officers present except for Treasurer Dennis Cohoon. President John Riling brought the meeting to order right at 10:00 AM with the Pledge of Allegiance and an opening prayer.

John welcomed everyone and spoke about the DC trip he took with members of Dearborn Chap. 267. He will contact Region 5 Director Sandie Wilson to inform her that we (Michigan State Council) will host the Region 5 meeting in June. John also reported we had received a \$3,000 check from the car program.

Vice President Tim Driscoll has service officer program DVD's available. We're asking for a \$5.00 donation for each. Tim also mentioned he had an incident with a deer recently which caused \$6,000 worth of damages to his car. Good thing he wasn't on a motorcycle!

Secretary Ray "Doc" Essenmacher reported the IRS is conducting an online survey for some chapters. The survey should be completed and returned.

Dudley Cogburn reported that Agent Orange related illnesses continue to affect the children of veterans. Agent Orange informational town hall seminars are encouraged throughout the state.

I reported that amendments and resolutions are now being accepted by National for the upcoming Jacksonville, FL convention in August. Mike Swift, VVA National Parliamentarian is also reviewing chapter bylaws. I think 528 opened the door on that subject.

Tim reported that he meets monthly with the Washtenaw County Veterans Council and many speakers have also attended to offer advice and services regarding education and employment opportunity. Over 5,000 veterans had been offered jobs following the Detroit Job Fair.

Jack Devine reported on the legislative front that many veteran related bills will die in committee if not brought out by December 13, 2012. A plan is moving forward to establish a state veteran's cemetery in the U.P.. Efforts are also moving forward to establish a third veteran's home in SE Michigan. Jack also is

tracking the FY 2014 budget process for the VSO grants which could total \$2,900,000.00.

Duke Mayo reported VVA membership now stands at 4,314 and AVVA is at 590 in Michigan.

Bob Erickson reported 1,655 POW/MIA from RVN. Since the end of the Vietnam War in 1975 it is reported that 928 Americans have been returned and identified.

John continues to scrounge for certain military pins and patches. If you have a specific request give him a shout. John also requested reports regarding the Holly, Great Lakes National Cemetery.

Doc reported on PTSD that military suicide attempts have resulted in adverse actions to the veteran. Those individuals can be disciplined and punished under USMJ – Article 134. The punishment can include a bad conduct discharge, thus a serious blow for benefit eligibility. Nearly 1 in 7 service members returning from Iraq and Afghanistan suffer from PTSD. Development of more effective treatment is a national priority and ethical obligation.

Tim reported that the Ann Arbor VA hospital continues to improve their services. They also have openings for volunteers to help run bingo on certain nights. There have been over ½ million visits to that facility during the past year.

Phil Smith, Service Director reported that due to the VA "transforming" its system delays in processing are occurring. Recently the Detroit VA completed 1,800 claims in a month, however 2,000 new claims were received. Phil has scheduled service coordinator training in January (Howell or Dearborn). This training is open to VVA and AVVA members.

I then spoke about the 3-digit raffle fundraiser for February. Help is needed to buy and sell these \$10.00 tickets. I have mailed tickets throughout the state.

February 17 will be the next meeting in Howell.

The Gift of Sleep

Excerpt from Our Daily Bread daily devotional

Psalm 121: "It is vain for you to rise up early, to sit up late ... for so He gives His beloved sleep"

"Sleep is essential for good health. Scientists don't know exactly why we need it but they know what happens when we don't get enough.

We put ourselves at risk of premature aging, weight gain, and diseases ranging from colds and flu to cancer.

What God accomplishes in our bodies while we drift off to dreamland is nothing short of miraculous. While we do nothing, God replenishes our energy, rebuilds and restores our cells, and reorganizes information in our brains. The reasons for not getting enough sleep are many, and some we can't solve, but the Bible indicates that overwork should not be one of them (Psalm 127:2). Sleep is a gift from God that we should receive with gratitude.

If we're not getting enough, we need to find out why. Are we rising early and staying up late to earn money to acquire things we don't need? Are we involved in ministry efforts that we think no one else is capable of doing?

I'm sometimes tempted to believe that the work I do when I'm awake is more important than the work God does while I sleep. But refusing God's gift of sleep is like telling Him that my work is more important than His.

God does not want anyone to be a slave to work. He wants us to enjoy His gift of sleep."

I am the Outpost Leader for the Western Wayne County Point Man (International) Outpost. On the Point Man website www.pmim.org, this is what explains what we are about:

Outposts are led by Christian Vets who care deeply about veterans and their struggles. They fully understand the difficulties associated with returning home after a long and difficult deployment as well as the non-combat experiences. Outposts are places for veterans to talk, share and listen to others who have walked in their shoes. All Vets are welcome regardless of what country they served with and gender is irrelevant as both men and

women have served and sacrificed for their respective countries.

I do want all of you to know, that if you ever need someone to talk to and there doesn't seem to be a neighbor, family member, etc. that you feel that would understand, please call me up and I will be available most any time to meet you for a beer, coffee, or whatever. I hope I have gained your confidence in keeping whatever is discussed, between you and me.

Prayers needed for Bob Caldwell's recovery for his neck operation, Mike Dicker's family (loss of mother), Gerald Grzesik's family (loss of younger brother), Dick O'Hare's family (loss of wife Jodie), Ted Enright's recovery from surgery, Glenn Jewell's recovery from throat operation, and for Gordy Segal's family (loss of son in auto accident in November).

Kokomo

Our campsite requests will be in the mail to Howard County for a Feb. 1st arrival. We will now have all our campsite members as life members of that organization. I emailed them the first 3 name changes and they accepted those with no problem. Next week, I will have two more name changes, but these are new members just joining that group. The Reunion is set for September 19th through the 21st, 2013.

DR. BOB'S FILES:

**Bob Paul, USMC
1st MAW, MAG-12, VMA-225
Chu Lai 1965**

There were many support aircraft in Vietnam: A4 Skyhawks, F4 Phantoms, F105 Thunderchief's, UH1 Huey and the OV10 Bronco.

The OV-10 Bronco, a rugged, maneuverable, twin-turboprop, multi-mission aircraft, served with the U.S. Air Force and Marine Corps (OV-10A). The U.S. Navy also used the OV-10. The Navy squadron VAL-4 "Black Ponies" (right) flew them with much success in the Vietnam War. Internationally, the OV-10 served with the military services of West Germany (OV-10B), Thailand (OV-10C), Venezuela (OV-10E) and Indonesia (OV-10F). Designed and built by North American at Columbus, Ohio, the Bronco complemented the performance requirements between jets and helicopters. Faster and more tactically versatile than helicopters, yet slower and more maneuverable than jets, the Bronco utilized tactics not possible with either.

The OV-10D night observation system (NOS) featured a unique night observation and target marking system that included forward-looking infrared (FLIR) and laser designator/ranger. With updated 1040 SHP turboprop engines and fiberglass propellers, NOS provided greater range, improved performance and greater survivability.

In military operations, the Bronco's outstanding capability to find and hit battlefield targets close to friendly troops made this an aircraft effective against conventional and guerrilla forces. The effective application of the Bronco's versatility, however, did not end with purely military functions. Civil action applications added significantly to the cost-effectiveness of this economical aircraft.

Military applications for which the Bronco was particularly suited include anti-guerrilla operations, helicopter escort, close air support, armed reconnaissance and forward air control. In addition, it could be used for utility missions such as cargo paratroop, delivery of up to six paratroops, medical evacuation, smoke screening and psychological warfare with leaflets and loudspeakers.

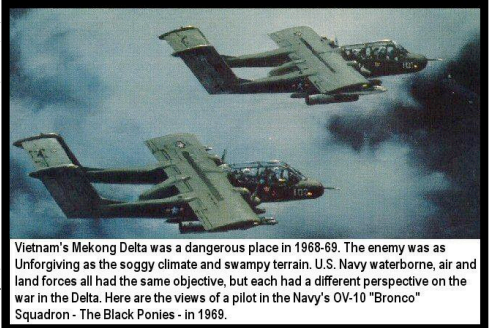

For peacetime operations, the guns, bomb racks and armor could be removed quickly, and the aircraft became a high-performance STOL utility vehicle. Potential applications included aerial mapping, geological survey, spraying, disaster relief and patrol work.

Ruggedness and simplicity of operation were emphasized in the design of the Bronco. The fuselage was mounted under the wing and provided tandem seating for pilot and observer. The canopy design afforded better visibility than that of most helicopters. Each crewman was equipped with an LW-3B ejection seat system, also designed and built at Columbus, which was capable of zero-speed, zero-altitude ejections. Armor protection, a bullet-resistant windshield and self-sealing fuel cells were provided for operations in a hostile environment. Twin engines, dual manual flight controls and rugged and simple construction also contributed to survivability and safety.

The OV-10 was equipped with seven external store stations and four 7.62 mm guns installed in the sponsons. A variety of conventional ordnance could be delivered in addition to 2,000 rounds of ammunition. The seven external store stations consisted of four sponson store stations, one centerline station and two external wing stations. Sponson accessibility provided rapid loading of stores and ammunition. The wing stations could carry the LAU-7/A launcher for mounting either rocket packages or missiles. The centerline store station also had the capability of carrying either a 20 mm gun pod or a 150-, 230- or 300-gallon external fuel tank.

Removal of the armament sponsons and the back seat with its associated armor enabled a quick and simple conversion to a civil action configuration, which permitted the carrying of 3,200 pounds of cargo in the aft fuselage. For operation in remote areas, the Bronco had a specially designed rough field landing gear, required no ground equipment for starting and could be maintained with simple hand tools. In the event of an emergency, the Bronco could use high-octane or automotive fuel in place of jet fuel with only a slight degradation of power.

Vietnam: Two Views

Vietnam's Mekong Delta was a dangerous place in 1968-69. The enemy was as Unforgiving as the soggy climate and swampy terrain. U.S. Navy waterborne, air and land forces all had the same objective, but each had a different perspective on the war in the Delta. Here are the views of a pilot in the Navy's OV-10 "Bronco" Squadron - The Black Ponies - in 1969.

Blum's Landing Fundraiser in Milford

I have the details of the needs for volunteers at the Concession Stand. The Event will run from 8am until 7pm on Sunday, February 17, which is the day that most of the members that I talked to on Monday could or wanted to go. If anyone would want to work on Friday or Saturday, they are certainly welcome to work then and I can contact Shana, the Volunteer Coordinator, to let her know.

I am attaching a sign-up sheet with four hours shifts. Please let me know which shift or shifts you would like to work. I will put the list together so we can coordinate travel if you would like. The Fund Raiser will be in Novi at 46039 Grand River Avenue in Novi, Michigan.

Please contact John

john@flemingfinancialsvcs.com - or by cell phone [734-604-0227](tel:734-604-0227)

Blum's Landing

Blum's Landing will be a place for military personnel who have endured physical and/or mental wounds from serving in the war on terror. The Landing will be a bed and breakfast for military personnel and their families to relax, to recoup, and to re-energize from the stress of their current rehab and duties.

Terry and Jan Blumberg are building Blum's Landing in loving memory of their son Sgt. Trevor A. Blumberg, known to his fellow soldiers as "Blum". Trevor was killed September 14, 2003 in Fallujah, Iraq. He also served in Korea and Afghanistan prior to deploying to Iraq with the 82nd Airborne Division.

Trevor asked his parents to do two things if he should not return from his mission in Iraq. The first was to care for his dog, Scrappy. As you can see, Scrappy is doing fine.

The second was to take care of his guys, which has proven more difficult. After many prayers and meditation, the concept for Blum's Landing was born. Trevor loved the outdoors; especially the woods, lakes, and rivers of northern Michigan. He often spoke about bringing his fellow soldiers to Michigan for fishing and camping trips. This love for nature and his dedication and loyalty to his friends inspired the idea for Blum's Landing.

Terry Blumberg is a Vietnam Veteran and a member of our VVA Chapter 528.

<http://blumslanding.org>

Sgt. Trevor Blumberg & Scrappy

Bear's Den

Red Wings are back!!! Each time they score a goal, you can buy a domestic beer for \$1.00 at The Post Lounge. There will be no drink chips given at this time. You must be here when they score. Go Wings!!!

The "Queen of Diamonds" is really growing around \$2000.00 now. You can buy tickets for the drawing at any time for a buck a chance. Someone is going to win and it could be you!!

The "Soup and Salad" will be served on February 23rd. Should be another great event. If it goes over well, we will continue with them. Fish Fry Fridays are starting on February 22nd with a varied menu to satisfy everyone. Fish, chicken and shrimp with all the goodies will last through Good Friday.

Keep bringing in those cell phones. There is still a need for them and they all go for a good cause. Just ask Lynn Dery, she is our angel that keeps them moving. Check out "Helping Our Heroes Home" to see what else can be done.

We will have some extra room for SUPERBOWL SUNDAY. The pool tables will still be in the hall from the tournament held on Saturday - you are welcome to come and see...starts at 9:00 AM.

Special for February meeting will be sausage and sauerkraut with green beans and rolls. It went very well the last time we had it.

Thanks to all.

Members In Distress

Nancy Dignan's mother Genevieve Schoen passed away on November 27th.

Nancy Dignan's brother and only sibling, Paul, is home now after being hospitalized at Henry Ford in West Bloomfield and having a cancerous tumor removed from his colon.

Patti Brothers had to have gastric by-pass surgery on November 28th and then an additional surgery on December 12th for a hernia.

Walt Gluvna's daughter-in-law, Patricia Gluvna passed away on December 18, 2012.

Mike Dicker's mother passed away on December 28, 2012.

Norris Cutler's brother Loren Swisher passed away on New Years Day.

Bob Hallmark's brother Ron Hallmark a Vietnam Veteran and member of the Navy passed away on January 5th.

Bob Caldwell had an operation on his neck.

Long time member Dick O'hare lost his wife Florence "Jodie" O'Hare on January 12, 2013.

Rick Balish's father-in-law, Cecil Grimes, passed away at 90 years of age.
